RACEOFF™

"Race is a pigment of your imagination."
-Teja Arboleda

This live, multimedia and heavy musical beat-entrenched, audience interaction program is based on Teja Arboleda's wildly successful, national touring video, *RaceOff*. Arboleda challenges the audience to wipe away assumptions about racial identity and jump start a cultural revolution that will turn the word race in to a four-letter word! The performance lecture features a video which morphs between 13 faces so slowly that you can't tell the difference between them. Arboleda then takes the audience on a charged tour of the history of racial categories, the impact of race in society and the future of identity.

Teja Arboleda is America's leading keynote speaker on race & culture. He is African-American/Native-American/Filipino-Chinese & German-Danish. He was born in Brooklyn, NY, but grew up in Japan.
